28 JUL 1981

The Honorable James B. Edwards
The Secretary of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585

Dear Mr. Secretary:

This Agency, by letter on 11 May 1981, requested the Acting Administrator, General Services Administration, for a waiver to FPMR 101-26.501(b) and 101-38.1305(a) to procure a Class IV vehicle. This vehicle is intended for the use of the Deputy Director of Central Intelligence, Admiral B. R. Inman, whose duties require daily contact with high officials of both foreign governments and the U.S. Government. The utilization of this vehicle frequently requires the transport of up to six passengers and highly classified briefing materials. Therefore, the vehicle must be of suitable size

Due to the Class IV nature of this vehicle, GSA is required to obtain the concurrence of the Department of Energy, and I believe my letter was forwarded to you for such purposes. Your early approval would be sincerely appreciated in order that we may purchase this vehicle, which is presently leased, and make the necessary modifications as soon as possible. If you have any questions or need additional information with respect to this request, your office may contact our Director of Logistics, Mr. James H. McDonald,

Sincerely,

Harry E. Fitzwater
